Shaping brighter futures
Since 1986

We seek a **Transport Consultant / Senior Transport Consultant** to join our Bristol office. Full-time (37.5 hours per week) or part time considered. This is an excellent opportunity to join Cole Easdon (CE) as a Transport Consultant / Senior Transport Consultant in our Bristol office. CE is a multi-disciplinary civil engineering consultancy. Founded in 1986, we are proud to have earned a reputation for quality, reliability and value. We stand out from our competitors as a strong, independent company that understands where we have come from, and where we are headed.

We are dedicated to supporting and empowering our people to achieve their personal and professional development goals within an inclusive working environment. We have a strong ethos of trust throughout the company with a focus on building relationships and encouraging our people to use independent judgement to deliver excellent client service. Our working environment is friendly and team orientated, with a culture that encourages fresh ideas and enthusiasm, and provides opportunities for progression.

The Role

Reporting to a Director, you will be involved with the preparation of Transport Statements, Transport Assessments, Technical Notes, and Travel Plans, principally to support planning applications for a range of land uses. You will review proposed site layout plans and provide relevant transport/highways comments and advice, and you will also analyse traffic and speed survey data to calculate visibility splays and prepare associated visibility splay plans using AutoCAD. You will attend Design Team Meetings, and liaise by email and telephone with clients, other consultants and local authority officers as required. Co-ordination and commissioning of traffic, speed and parking surveys will also be part of the role.

Travel for site visits and offsite meetings (with a more experienced colleague as appropriate) will also be necessary.

Essential Knowledge, Qualifications and Experience

- A relevant Bachelor or Masters degree (in a subject such as Geography, Transport Planning or Civil Engineering) is essential;
- A minimum of 2 years' relevant post graduate work experience;
- Excellent numeracy, oral communication, and written English skills;
- Proficient in Microsoft Word and Excel;
- Proficient in AutoCAD and AutoTRACK;
- A full UK driving licence is desirable.

Knowledge in the use of junction modelling software is desirable but not essential.

Cole Easdon is seeking to be an equal opportunities employer and we welcome applications from candidates from diverse backgrounds. Every candidate is assessed in accordance with their merits, qualifications and ability to perform the duties of the job.

If you think you have the skills required for this position, please forward your CV to Ewa Dennehy (edennehy@coleeasdon.com) with the subject line reading 'Transport Consultant/Senior Transport Consultant – [Insert Name]'. Please include role and salary expectations.
